

Visa Fellow Trainees Surge in 2021-22

The CAPER Census for the 2021-22 academic year is now available ([link](#)). One finding of note from the census was the surge in visa fellow trainees who have returned to Canada after a drop during the 2020-21 academic year.

The number of visa fellow trainees jumped by 22.6% from 2020-21 ($n = 1,582$) to 2021-22 ($n = 1,940$). This is the single largest year-over-year jump for this group in the last ten years.
